

# European Resuscitation Council

**9<sup>th</sup> Scientific Congress**  
an insight into the Science of Resuscitation.

This Congress will evaluate the implementation of the Resuscitation Guidelines 2005 and you will be involved in the process leading to the 2010 Consensus on Science. The Congress will feature simultaneous translations (into Dutch and French) and audience interactive voting. The Congress will appeal to anyone involved in the practice of Resuscitation.

**The ERC looks forward to welcoming you to Ghent.**
